New Business

Lynn Brought up that some of the alter servers' robes are needing cleaned and fixed. Gerry volunteered to look into whose responsibility it is and suggested that it may have fallen through the cracks.

Concern was issued about not having a second collection any more. It seems like the charities and

missions our diocese supports are not getting the amounts that they used too and as Catholics giving to others is an important part of our community. Some suggestions to avoid the basket going around twice would be:

- (a) Have special envelopes printed and available at the end of the rows for those who would like to give to the second collection.
- (b) Have the Lector announce at the beginning of Mass that there is an additional collection and what charity.
- (c) Go back to having the baskets passed a second time.

Hurricane Matthew caused a bit of damage to the main church building. Insurance is looking into the damages and the cost. Water was able to get into the building through the windows on the east side along with part of the foundation. More details to come at a later date.

Thanksgiving dinner held at the church is getting a very low response. A cut of date for the response will be November 12. The event will not be held if the expected attendance is less than 20 people. Will be announced by the Lector at each Mass. A cut of date for the response will be November 12.
